Dirios

Concern's presence in Somalia

The seven criteria/questions

1. Is there an access problem?
2. Does the proposed action include acceptance-building measures?
3. Is it a direct life-saving action?
4. Can the action be implemented without risking the lives of those undertaking the work on the ground?
5. What is the source of the needs assessment in a remotely managed action?
6. Are the staff adequately qualified?
7. Are monitoring arrangements adapted for remote management?

Six issues/comments

1. Risks
2. Intent
3. Last resort
4. Definition
5. Timeframe
6. Spirit v. letter
7. Third party monitoring
