HUMANITARIAN PROCUREMENT CENTRES

Humanitarian Procurement Centres ("HPC") are not-for-profit organisations specialised in the technical and commercial management of supplies and services necessary for the implementation of humanitarian actions.

The online HPC Register provides a list of the organisations, which currently benefit from the recognition by DG ECHO as HPCs as well as an indication of their main areas of activity and the countries to which they supply goods or services.

The list of the Humanitarian Procurement Centres has been updated on 21st September 2017 and it is available here: http://dgecho-partners-helpdesk.eu/actions_implementation/procurement_in_humanitarian_aid/hpc
