

ECHOES Flash #5

14th January 2016

Did your answer to a request for Complementary Information reach ECHO?

The answers to a Request for Complementary Information letter should be uploaded and send to ECHO via APPEL.

When you upload the different annexes in APPEL, they are immediately visible in APPEL but they are not yet accessible to ECHO.

Your answers will only be visible for ECHO after having clicked on the button '**Complete uploading of annexes**'.
