

Information Note on the 2019 version of the Guidance on a Simplified Cost Method for Field Office Costs of NGO FPA Partners

(June 2019)

The attention of ECHO NGO Partners is drawn to the fact that a revised version of the above-mentioned Guidance is now applicable.

The 2019 Guidance is available on DG ECHO Partners' Helpdesk.

The Guidance has been revised to allow the use of simplified allocation methods by all Implementing Partners – provided they comply with the criteria laid down in the Guidance – irrespectively of the fact that the Implementing Partner concerned is an FPA Partner.

Paragraphs 4 and 5 of the Guidance have been adjusted accordingly (by removing the reference to being an FPA Partner).
